As you know, the Administrator will be signing the ROD for this site and I suspect the Board comments will be scrutinized by a lot of parties. So please find time to give this Draft #3 a good review. You need to be comfortable that any concerns you have and that were raised by someone at the meeting are being addressed to your satisfaction in these recommendations. I suspect the next version will be the one that Amy asks Charles to review sometime next week; so it is important that it be close to final. Amy and I have committed to getting the final version signed before the end of the year.

Thanks,
Steve
